PROFESSIONAL SUMMARY

SAP BRIM Operations & Support Consultant with 4+ years of hands-on experience in SAP Convergent Charging (CC), ARIBA integration, and Cloud Subscription billing. Proven expertise in production support, SLA-driven incident management, automation using Groovy scripting, and end-to-end BRIM business flows from quote and contract creation to FI-CA payment processing. Strong exposure to SAP CM, CI, CRM, and SAP HANA-based environments.

CORE SKILLS

- **SAP BRIM:** Convergent Charging (CC), Convergent Mediation (CM), Convergent Invoicing (CI)
 - **Billing & Subscription:** Charge Plans, Charges, Allowances, Counters, Provider Contracts
 - **Automation & Testing:** Groovy Scripting, SoapUI, JMeter
 - **Databases:** SAP HANA, SQL
 - **Operations:** Incident Management, SLA Adherence, QEC/YEC Support, Rerating
-

PROFESSIONAL EXPERIENCE

Capgemini India Pvt. Ltd – Bangalore

Associate Consultant | Senior Software Engineer | Software Engineer
September 2021 – Present

SAP BRIM / Global IT Operations

- Delivered end-to-end production support for SAP BRIM applications with strict adherence to SLAs.
- Resolved incidents, service requests, and enhancements across SAP Convergent Charging environments.
- Automated operational tasks using **Groovy scripting**, reducing manual effort and improving efficiency.

- Executed functional and integration testing using **SoapUI CIC calls** and **JMeter**.
 - Actively supported **Quarter-End and Year-End Closures**, ensuring billing accuracy and system stability.
 - Worked extensively with **SAP HANA DB and SQL** for analysis and issue resolution.
 - Monitored workflows, CC BITs, and batch jobs; handled WF aborts and system alerts proactively.
 - Contributed to **NGBC migration activities** and prepared SOP and operational documentation.
-

Line of Business: SAP ARIBA (BRIM)

- Supported end-to-end ARIBA billing flow from supplier creation to invoice generation.
 - Analyzed and implemented pricing logic including **Choreography, CAP, and Threshold scenarios**.
 - Performed multiple rerating activities such as **Late Buyer Exemptions, Fixed Fee rerating, and Document Correction rerating**.
 - Coordinated with upstream and downstream systems (SAP CRM & ERP) for billable items, TAR reports, and threshold validations.
 - Conducted contract time-slice checks and SMT validations in SAP CC.
 - Ensured business continuity by resolving ARIBA-related incidents within SLA timelines.
-

Line of Business: Cloud Subscription Billing

- Provided operational support for SAP CC-based cloud subscription billing models.
 - Supported and maintained **Charge Plans, Charges, Allowances, and Counters** in SAP Convergent Charging production environments.
 - Automated provider contract data updates using scripting solutions.
 - Executed CIC tasks and validated business scenarios through automated testing frameworks.
 - Collaborated with CRM/SOM and CI teams to ensure seamless billing execution.
-

Line of Business: HANA Enterprise Cloud (HEC)

- Supported SAP CC operations for HEC billing use cases.
 - Supported **Subscriber Accounts, Mapping Tables, Provider Contracts**, and contract activations via web services.
 - Created and maintained allowances, funds, and discounts including **Overage, Grace, Fund, and Software Discounts**.
 - Processed manual billable items and counters using SoapUI web service calls.
-

AWARDS & RECOGNITION

- **Rising Star Award – H2 2022** for accelerated delivery and performance excellence.
 - **Innovation Impactor – H2 2023** for automation and process improvement initiatives.
 - **Delivery Star – H2 2025** for consistent delivery, operational excellence, and business impact.
-
